How Can You Help?

Would you open your home for this event?

- We have held a similar event for five years. They have been very successful raising funds for water quality protection!
- We will provide volunteers to assist with parking on the pier, and volunteers to help move participants through your home. You may rope off areas that you wish to remain private.
- Rain date is Sunday July 29th at noon.
- Booklets will be provided with photo & info about each home.
- We will use Patona Bay for the “check in” point. Boats will be assigned a check in time, and will receive their wristband and snacks here. Food & drinks are not permitted in the homes.
- There is no cost to you. Your participation is a generous contribution to our lake community!
